

MEMBERSHIP REQUEST FORM

CENTRE MERSENNE

-

New Publication

Publication title

Date of the request

This form should be emailed to :

contact-mersenne@listes.mathdoc.fr

and printed out and sent with the documentation listed on page 2 to:

:

Centre Mersenne

Cellule Mathdoc

Bâtiment CETA

150 rue de la Chimie - CS 40700

38 058 Grenoble cedex 9

For further information about the conditions determining access to the Centre Mersenne or about the Membership Request Form, please contact us by writing to contact-mersenne@listes.mathdoc.fr.

Required additional documentation:

- Centre Mersenne General Terms and Conditions of Use completed, dated and signed
- Publisher status
- A list, a short curriculum vitae and affiliation of the main members of the editorial or academic committees (editor-in-chief, editors...)
- A description of how this/these committee(s) operate. How they are consulted, and for what purpose
- A description of text selection procedures
- A presentation of the standards required to authors

Procedure:

The Membership Request Form and Centre Mersenne's Terms and Conditions of Use should be filled in and signed by the publisher's legal representative(s).

The Publishers should send both a paper version and an electronic version of the completed Membership Request Form, and a dated and signed copy of the Centre Mersenne's General Terms and Conditions of Use.

Please find below the evaluation stages:

- 1- Internal assessment of the technical feasibility of the project by Mathdoc
- 2- Presentation of the accession file to the Mathdoc Scientific Committee
- 3- Assessment of the application by the Mathdoc steering committee on the basis of the following criteria: scientific, editorial, operational (organisation and technical capacity of the editorial team) as well as the Centre Mersenne's financial capabilities
- 4- Notification of the Centre Mersenne's final decision by letter to the Publication
- 5- Signature of a contract between the Publisher and the CNRS (Mathdoc's trustee).

In case of a positive answer, information submitted in this form will be used to create a notice presenting the journal on the Mersenne website, for referencing purposes.

The publisher retains the right to modify information made public.

8- ELECTRONIC PUBLISHING PROJECT

8-1- The Publisher's access policy

Open access to all formats without APC or submission fees: Diamond Open Access

All formats are accessible to all users: HTML, PDF, ePub

Open access after embargo period: moving wall

The Centre Mersenne promotes Diamond immediate open access. The Publication should undertake to become fully open access within a deadline set with the Centre Mersenne.)

Please precise:

8-2- Online Posting

Conditions of online posting:

Per annual volume with periodical issues

Per annual volume continuously updated

Per annual volume without issues

Other

Please precise:

9- PUBLICATION PRODUCTION

9-1- Updating of the website

Feeding content to your websites on a regular basis is necessary.

As to ensure the Centre Mersenne team has enough time to finalise the documents, produce the issues and integrate them into the platform, articles to appear shall be delivered one month before the planned publication date.

9-2- Note on online posting procedure

The Centre Mersenne offers a set of modular services.

LaTeX Format

If you choose the Online Posting Service, articles must be LaTeX formatted, after the Cedram class, which establish the structure for metadata, but allows a creative layout.

A simplified LaTeX class, created by the Centre Mersenne or by the editorial team, will be available to the authors on the Publication website.

A LaTeX layout, based on the Cedram class, will be produced by the Centre Mersenne and made available for typesetting of articles and deliveries. Typesetting shall be undertaken either by the Centre Mersenne (paying service) or by the editorial team. A list of typesetting companies can be provided.

OJS Assistance

If you select the OJS Service, the Centre Mersenne can assist editorial teams to help them handling the software.

10- ACCESSION TO CENTRE MERSENNE

Upon acceptance, each Publication becomes a **Member** and benefits automatically and for free from the two following services:

- Publication services
- Support to editorial process with OJS

A contract will be established between the Publisher and the CNRS, Mathdoc's trustee, confirming this agreement and listing the services (paying or free) requested by the Publication. A separate estimate will be sent for paying services.

11- SERVICES

11-1- Free services

En rejoignant le centre Mersenne, vous bénéficiez automatique du :

Publication Service *(see detail p.23).*

11-2- Please select the optional services you wish to benefit from:

You can also benefit from optional free and fee-paying services. Please indicate which ones you wish to benefit from:

Free Services

Support to editorial process *(see detail p. 24)*

Fee-paying Services

LaTex typesetting *(see details p. 25)* 7€ / page

12- LIST OF MERSENNE SERVICES

12-1- Online posting and dissemination

The Centre Mersenne shall take care of the online posting of articles on the Mersenne Website and of the dissemination of articles through the platform. This platform is interoperable and makes the metadata of the content available through an OAI-PMH repository.

This service is also comprised of the following services: creation of a personalised Publication website, DOI attribution and registration via CrossRef, crosslinking and archiving.

This service constitutes the use of a specific LaTeX class.

Online Posting	<p>Centre Mersenne shall publish the content of the Publication online through the Publication Website, hosted by the Mersenne Website, according the publishing rhythm of the Publisher.</p> <p>The Publication shall be published in open access.</p>
Website creation	<p>Centre Mersenne shall take care of the creation of a personalised website for the Publication, according to its visual identity: the Publication Website.</p> <p>The website shall be hosted on the Mersenne platform with an url following the example : journalname.centre-mersenne.org.</p> <p>Centre Mersenne creates a user account for the Publisher with login and password. Once the Publication Website is delivered to the Publisher, it will be able to edit its login credentials and manage independently its website.</p>
DOI Attribution	<p>Centre Mersenne, as a Crossref member (via Mathdoc), attributes DOIs to each published document.</p>
Crosslinking	<p>For each reference of article published by or cited in one of the Centre mersenne's articles, matches will be automatically searched in appropriate databases for identifiers.</p>
Archiving	<p>The Centre Mersenne guarantees a long-term preservation of its content via the CLOCKSS solution.</p> <p>Mathematics content are also archived on Numdam.</p>
Interoperability	<p>Mersenne platform is interoperable with relevant infrastructures such as (Eudml, ABES, BASE, bases de données indexant les publications scientifiques...) All content van be uploaded via OAI-PMH in oai_dc and XML JATS.</p>
LaTeX Layout	<p>The Centre Mersenne shall create a LaTeX template for the Publication, depending on its visual identity and using a specific Mersenne class.</p> <p>All documents are produced with the necessary elements for electronic and printed formats (in particular PDF, XML/MathML).</p>

2- Support to editorial process with Open Journal System (OJS)

Centre Mersenne shall install, configure, hosts and maintain the Journal Management Software (OJS), developed by [Public Knowledge Project](#).

Centre Mersenne shall create a user account for the Publisher with login and password. Once the OJS Instance is delivered to the Publisher, the latter can edit and manage its login information on its OJS admin space.

OJS Installation	Centre Mersenne shall install an instance of the OJS software for the Publisher. Centre Mersenne can install, upon the Publisher's request, a test OJS Instance.
OJS Configuration	Centre Mersenne shall configure the OJS Journal Management Software according to the editorial policy of the Publication.
Hébergement OJS	Centre Mersenne shall host the OJS Instance for each Publication, allowing an independent management of its editorial system and of its datas by the editorial team.
OJS Training	Un accompagnement initial est proposé pour faciliter la prise en main par la revue du logiciel de gestion éditoriale. Le centre Mersenne fournit la documentation nécessaire ainsi qu'un support technique.
OJS Maintenance	An initial training will be delivered for easier handling of the software by the editorial team.

3- Typesetting Service

LaTeX Composition and XML structuration. Typesetting with Cedram class.

Typesetting and prepress	The following services are offered:
	<ul style="list-style-type: none">- Prepress,- Metadata checking and structured encoding, ,- bibliography checking and structured encoding,- graphical objects checking and editing,- mathematical formulae checking and editing,- LaTeX typesetting according to the Publication layout.

4- Copy editing Service

Copy editing	Language correction.
---------------------	----------------------

5- Plagiarism detection Service

Détection de plagiat	As a CrossRef member, the Centre Mersenne provides access to Crossref Similarity Check 's tool, iThenticate to help the Publication to detect plagiarism in the articles that are submitted to its platform.
-----------------------------	--

6- Managing editor Service

Managing editor	The Centre Mersenne can help the Publication's editorial team manage the editorial flow using the Open Journal System software.
------------------------	---

7- Printing Service

Impression	Print on demand, printing per volume...
	The Centre Mersenne offers different solutions : <ul style="list-style-type: none">• printing per volume to address the archiving needs of academic libraries,• print on demand of open access content.

8- Other upcoming services

- Statistics on consultation of the Publication (free)
- Digitization

Please indicate if you wish to benefit from services that are not listed here above.

13- TYPES OF FINANCING THE FEE-BASED SERVICES

Access to the Centre Mersenne incurs costs, which amount depends on the editorial project (required services, volume of publication). As to ensure a long-term support to the publications, a financial contribution shall be requested.

In case your Publication (on a Member or a Partner base) requires paying services, two payment options to Publishers are available (It is possible to combine both options)*:

- **Fee-for-service billing:** a quote, based on fee base below and on the editorial project (required services, volume of publication) will be provided and a billing will be issued twice a year to the Publisher.
- **Annual subscription:** a fixed annual amount based on the editorial project (required services, volume of publication) will be set in agreement with the Publisher.

This annual subscription option can be considered if, for example, the Publication benefits from subsidies from an institution, tutelages or other source supporting the Publication (university, foundation, research library...) The subscription can then be directly paid to the Centre Mersenne.

Please contact us if you have any question relating to the financing modes.

- Choice of financing type
- cFee-for-service billing
- cAnnualsubscription
- cBoth

Please precise, if applicable, your financing plan:

*Regardless of the financing type, the total fee may be reduced or rebated based on the consideration of resources available at the Centre Mersenne.

AUTHORIZATION

DOI

The DOI is a unique and long-lasting identifier for an electronic document or a dataset assigned by [Crossref](#). The DOI system is designed for interoperability.

c The Publisher accepts that Mathdoc/the Centre Mersenne is responsible for the *Digital Object Identifier* (DOI) assignation to every article of the Publication and of the registration of that DOI with Crossref.

c The Publisher declares that it already owns a DOI prefix being for the Publication (*Please complete*):

Archivage pérenne

*Mathdoc uses the non-profit solution [CLOCKSS](#) (the *Controlled-Lots of Copy Keep Stuff Safe*) to archive the Publications of the Centre Mersenne. This archiving solution is based on a geographically disparate preservation model.*

CLOCKSS is a not-for-profit joint solution.

c Accepts that Mathdoc/the Centre Mersenne should provide access to the content of the Publication to the CLOCKSS solution (Controlled-Lots of Copies Keep Stuff Safe) for the purposes of long-term archiving.

GENERAL TERMS OF USE OF CENTRE MERSENNE (GTU)

Reminder: a complete accession form should include this Membership Request Form signed and the General Terms of Use dated and signed. The accession to the Centre Mersenne has an initial term of three (3) years.
